Mandate as described in the regulation enacting your organization

The mandate defines the main functions of an organization and derives from outside and above an organization.

SECTION 3
Describe your unit position within the organizational chart (organigram) of the larger institution you belong to

An organizational chart for a whole organization shows the units who make up such organization and the relationships between them. Relationships refer to authority and communication lines.

Upload a file for further informations:

SECTION 4
Describe your unit’s organizational chart (organigram)

An organizational chart for a unit shows the managers and main professional roles who make up such unit and the relationships between them.

4 staff members are employed in the Epidemiology Unit. The head of the unit is a Microbiologist (Sp)(Msc). There are two public health professionals under the manager, and one secretary.

SECTION 5
Illustrate the main roles and activities carried out by your organization in the field of infectious diseases prevention and control, specifically in the following areas:

a) Surveillance of infectious diseases

Since 2004 the organization has been working with MoH, General Directorate of Primary Health Care on EU project “STRENGTHENING OF EPIDEMIOLOGICAL SURVEILLANCE AND CONTROL OF COMMUNICABLE DISEASES SYSTEM (ESCCDS) IN TURKEY”. The general purpose of the project is to strengthen the institutional structure, capacity and the legal framework of the current Turkish communicable diseases surveillance system (CDSS) to be in conformity with the EU Directives in terms of structure, function, capacity, effectiveness and resources. It belongs to some European CD and health threats surveillance systems such as European Centre for Epidemiological Monitoring of AIDS (EUROHIV); European Working Group for Legionella Infections (EWGLI); International surveillance network for enteric infections (ENTER–NET); European Laboratory Working Group on Diphtheria (ELWGD); International Network of National Public Health Institutes (INSIGHT). It has also been admitted for membership to Surveillance of tuberculosis in Europe (EUROTB).

b) Epidemic Intelligence

Epidemic intelligence: As for now, RSHNC supplies information coming from researches, outbreak investigations or routine data collection. The organisation does not use the routine national surveillance data.
c) Monitoring of services delivery, including immunization of migrant populations
A maximum of 200 words is allowed.

RSNHC has control labs for: Drugs, Vaccines, blood, food, water, environment and other products.

d) Zoonosis
A maximum of 200 words is allowed.

The organisation has laboratories for zoonotic diseases, in response to research and routine diagnosis. Ministry of Agriculture is the responsible authority for the control of zoonotic infections. MoH has a protocol with MoA for establishment of the “National Zoonosis Committee” since 1991. This Protocol is under evaluation for monitoring zoonosis and zoonotic agents; epidemiological investigation of food–borne outbreaks and exchange of information related to zoonosis.

Diagnostic services: Bacteriology, mycology, parasitology, virology, tuberculosis, biochemistry, hematology and hormones.

The “STRENGTHENING OF EPIDEMIOLOGICAL SURVEILLANCE AND CONTROL OF COMMUNICABLE DISEASES SYSTEM (ESCCDS) IN TURKEY” project is also working on developing plans for emergency preparedness in Turkey.

RSNHC is accredited by MoH for Microbiology and Clinical Microbiology residency.

RSNHC as actively involved in research and publication activities: Turkish Bulletin of Hygiene and Experimental Biology, every 4 months, “Quality Bulletin: Step by Step Quality”, monthly publication and various researches on the responsibilities of the institution.

The organisation alerts for notification from MoH or its regional laboratories and acts in accordance with MoH to all events.

SECTION 6
Describe the alert procedure adopted by your organization and the conditions to which applies paying special attention to infectious diseases.
A maximum of 200 words is allowed.

SECTION 7
Provide a brief account of your unit’s professional staff mix.

The categories are mutually exclusive: please, assign only one profile to each unit’s professional staff.
